Early Childhood Education Inclusive (Birth - Grade 3) Field Endorsement, BS/BA

This program prepares teacher education candidates to teach infants, toddlers, and children from birth through third grade (B- 3), including those with disabilities, and to support families and other personnel with responsibilities for their care and education.

- All students seeking certification in any education endorsement are required to complete the following courses listed below. EDUC 208 and EDUC 209 are prerequisite (or co-requisite) courses for all Education courses. Plan to take EDUC 208/EDUC 209 during your first semester of Education coursework.
- Should a transfer student be able to document the successful completion of an introductory education course, they will receive credit for EDUC 208. The transfer student will still need to complete EDUC 209 - Teacher Education Orientation & Practicum and should plan to enroll in this course during the first semester in which one or more other Education courses are taken.
- All required coursework in the Education Core and Endorsements must be completed with a minimum grade of "C-" and have a minimum cumulative GPA of 2.5 to be admitted to and remain in the Teacher Education program. In order to be admitted to EDUC 410, EDUC 411, EDUC 412, EDUC 413, SPED 421 or SPED 435 - Special Education Student Teaching, a GPA of 2.75 in the major field of study is required.
- All teacher education students must take PSYC 250 - Human Growth & Development. This course can also be counted toward the general education requirements for Social Science.
- Students must complete the following coursework in addition to the General Studies requirements.

Students wanting to pursue a Bachelor of Arts degree must complete the Additional BA Requirements.

Educational Studies, BS/BA

The Educational Studies option is available to students who are interested in preparation for working in alternative instructional positions not requiring formal teacher certification. This degree option would be suitable for individuals interested in careers such as non-certified staff positions in public schools, professional development and workforce training, employment in experiential education settings, etc.

As with all Education degree options, students must successfully meet all criteria for admission to teacher education in order to access restricted education and special education courses. Students completing this degree option will not be eligible to apply for student teaching. Please see catalog descriptions regarding prerequisites and co-requisites.

In addition to the Educational Core coursework, students must complete 30 additional credits of upper level coursework in **Education or Special Education**. Students will develop an individualized program of study based on their interests and identified career goals.

Students wanting to pursue a Bachelor of Arts degree must complete the Additional BA Requirements.

Health & Physical Education (PK-12) Field Endorsement, BS/BA

This program will endorse an individual to teach Health and Physical Education in grades Pre-Kindergarten through twelve (PK-12).

- All students seeking certification in any education endorsement are required to complete the following courses. EDUC 208 and EDUC 209 are a prerequisite (or co-requisite) courses for all Education courses. Plan to take EDUC 208/EDUC 209 during your first semester of Education coursework.
- Should a transfer student be able to document the successful completion of an introductory education course he/she will receive credit for EDUC 208. The transfer student will still need to complete EDUC 209 - Teacher Education Orientation & Practicum and should plan to enroll in this course during the first semester in which one or more other Education courses are taken.
- All required coursework in the Education Core and Endorsements must be completed with a minimum grade of "C-" and have a minimum cumulative GPA of 2.5 to be admitted to and remain in the Teacher Education program. In order to be admitted to EDUC 410, EDUC 411, EDUC 412, EDUC 413, SPED 421 or SPED 435 - Special Education Student Teaching, a GPA of 2.75 in the major field of study is required.
- All teacher education students must take PSYC 250 - Human Growth & Development. This course can also be counted toward the general education requirements for Social Science.
- Students must complete the following coursework in addition to the General Studies requirements.

Students wanting to pursue a Bachelor of Arts degree must complete the Additional BA Requirements.

Program: Interdisciplinary Studies BS/BA

Interdisciplinary Studies BS/BA

Before applying for an individualized major, students should consult with their advisor about the possibility of pursuing an existing major.

Students with well-defined educational goals that are not met by any of the majors listed in the catalog may submit a proposal to create an Interdisciplinary Major.

The major should be distinct from existing majors and use a set of courses to create an intentional, integrated and outcome-based program of study. The proposal must include:

1. A statement that describes the student's goal and the relevance of the major to his/her career or personal interests.
2. A list of 4-6 student learning outcomes for the program.
3. A list of the courses to be included in the program of study.
4. A preliminary description of the proposed capstone project.

The proposed program of study must meet these requirements:

- The courses identified must form an integrated plan and include 48-57 credits of coursework, of which 30 hours must be upper level (courses numbered 300 or above).
 - At least 30 credits must come from a primary discipline
 - At least 12 credits much come from one additional discipline.
- A culminating experience which may include a capstone course, capstone project, thesis or internship.
- No more than 6 credit hours of independent study (independent of thesis research) should be included in the major.

Students pursuing an Individualized Major must also complete all other applicable College graduation requirements, which include but are not limited to taking COLL 101, completing 120 credits, completing 40 upper division credits, and completing the General Studies requirements.

Students will select an advisor from the academic program which has the majority of the credits in the plan of study. They may also have an advisor from a secondary area.

The proposal must be approved by the advisor, appropriate Dean, and Vice President for Academic Affairs. Once the major is approved, the student will complete the program under the direction of his/her advisor and Dean. Any changes made after the initial approval must be reviewed and approved the advisor and the Dean.

Students must have a minimum GPA of 3.0 at the time they request the Individualized Major. Students can apply for the major beginning with their second semester at the College and must apply prior to the end of their fifth semester (typically the Fall of the Junior year). A maximum of 12 credit hours completed prior to the submission of your IMP proposal may normally be counted for the IMP major.

All students pursuing an individualized major must complete a culminating experience. The experience must demonstrate (or align to) the learning outcomes initially established in the student's proposal and meet the expectations of the advisor. With any of the options below, students will provide a public presentation of some aspect of their culminating experience. Options include:

- A senior seminar class in one of the areas of focus with consent of the instructor.
- Pursue an independent study with a faculty member, which may include a research thesis.
- Complete an internship with a business or organization.

Students wanting to pursue a Bachelor of Arts degree must complete the Additional BA Requirements.

Middle Level Education Subject Endorsement (5-9), BS/BA

This program will endorse an individual to teach: (A) any or all students in a self-contained classroom in grades five (5) through nine (9), in one (1) of the following core areas: 1) English/Language Arts, 2) Mathematics, 3) Science or 4) Social Sciences (B) the areas of special preparation in an integrated team planning/teaching organizational pattern in grades five (5) through nine (9) or (C) the areas of special preparation in classrooms with other organizational patterns in grades five (5) through nine (9). Supplementary content areas that may be added to the Middle Level Endorsement are: Health and Physical Education (HPER) and/or Business, Marketing and Information Technology (BMIT).

- All students seeking certification in any education endorsement are required to complete the following courses listed below. EDUC 208 and EDUC 209 are prerequisite (or co-requisite) courses for all Education courses. Plan to take EDUC 208/EDUC 209 during your first semester of Education coursework.
- Should a transfer student be able to document the successful completion of an introductory education course, they will receive credit for EDUC 208. The transfer student will still need to complete EDUC 209 - Teacher Education Orientation & Practicum and should plan to enroll in this course during the first semester in which one or more other Education courses are taken.
- All required coursework in the Education Core and Endorsements must be completed with a minimum grade of "C-" and have a minimum cumulative GPA of 2.5 to be admitted to and remain in the Teacher Education program. In order to be admitted to EDUC 410, EDUC 411, EDUC 412, EDUC 413, SPED 421 or SPED 435 - Special Education Student Teaching, a GPA of 2.75 in the major field of study is required.
- All teacher education students must take PSYC 250 - Human Growth & Development. This course can also be counted toward the general education requirements for Social Science.
- Students must complete the following coursework in addition to the General Studies requirements.

Students wanting to pursue a Bachelor of Arts degree must complete the Additional BA Requirements.

Catalog: 2023-2024 Undergraduate Catalog
Program: Pre-Law

Pre-Law

The undergraduate curriculum of Peru State provides a sound foundation for pre-law study and offers students an opportunity to challenge and expand their capacities to the fullest. Students planning a legal career should inform their academic advisor of this fact early in their undergraduate years in order to make important decisions regarding the selection of courses. During the junior or senior year, the student will need to register for the Law School Admissions Test (LSAT). Acceptance into law school will depend upon many factors, including scores on the LSAT and grade point average. Other factors generally considered by law schools include campus and community involvement, work experience, and letters of recommendation. The Peru State undergraduate experience provides an excellent opportunity to demonstrate strength in these areas.
